

EPAC Community Referral Form

The Early Pregnancy Assessment Clinic is a clinic run by a team of Registered Nurses & Obstetricians through the Women & Infants' Program at St. Joseph's Hospital. The clinic is available to support patients in the management of early pregnancy complications or losses under 13 weeks and 6 days. We accept referrals of patients who meet the following criteria:

1. Stable. If hemodynamically unstable or an ectopic suspected: Send directly to ER
2. Early Pregnancy Loss under 13 weeks and 6 days (missed abortion):
 - CRL > 7mm with no fetal heart rate
 - Mean sac diameter of >25 mm with no embryo present
3. Pregnancy of unknown location
4. Pregnancy of unknown radiological viability

Referring Physician/Midwife: _____ Date of Referral: _____
